

PROTECTING YOUNG SMILES:

The Impact of Nicotine on Oral Health

Join us for a session on the impacts of vaping and tobacco on oral and overall health. Dr. Debbie Saunders will deliver a 45-minute virtual presentation offering evidence-based insights and practical tools to help dental professionals support patient wellness and reduce tobacco and vaping use.

Key Topics:

- Oral health impacts of tobacco and nicotine
- Screening for smoking and vaping
- Cessation guidelines and referral routes
- Challenges and opportunities in offering support
- Patient-ready educational materials for clinics

Date: Saturday, January 17, 2026

Time: 9:30 AM – 12:00 PM

Location: The Growth Commons,
670 University Avenue, Suite 260
